7. Narrative Description

This is a two-story brick building with a structural glass façade likely installed in the 1940s, while the Pettigrew family owned this building. The coral tiles are accented by a burgundy band across the parapet wall. The burgundy tones are utilized in the storefront as well. Large plate glass windows and a glass door characterize the storefront. The second story windows are large plate glass windows as well, measuring four by four tiles. This design of the façade likely required a complete removal of the original artistic brick front, permitting this façade to sit flush with the adjacent buildings.

8. Narrative Statement of Significance

This commercial building does not appear to relate to the significance and history associated with the Manufacturing and Wholesale Historic District centered on 3rd Street from Valley to Elm streets. However, the history of the building is related to the retail/commercial area along this block and to the north. With an expanded retail/commercial historic district along Jefferson Street, this building would likely contribute to this expanded district. It would contribute historically and architecturally to this potential expanded historic district. Additionally, the building appears to be individually eligible for the National Register of Historic Places under Criterion C for the c.1944 remodel of the façade. The use of the coral structural glass is characteristic of “modernizing” façades in this period, and this building appears to be the most elaborate use of this material in Burlington.

The 1900 Sanborn map shows this building as a one-story saloon at 219 Valley. Thus, it appears to be an earlier building on this site. The address of 217 was then associated with the building to the east (213-15, or 215-17).

LL and Geo. Unterkircher purchased the property (west 20' of east half) in 1901. The Unterkircher undertaking business, and the addition of a chapel in 1902 are also mentioned in the obituary of George. Per the 1915 county history:

George L. Unterkircher and his brother conducted business under the firm name of F. L. & G. L. Unterkircher, and soon erected a fine new building at Third and Valley streets, which they occupied in 1896. This building was put up at an expense of sixty-five thousand dollars. Forty thousand dollars was invested in stock, of which thirty-five thousand dollars was particularly devoted to acquiring the highest class of equipment and animals for their livery, which was modern in every respect. Their undertaking establishment also was one of the largest and most up to date in the state. In 1902 they added a large and artistically decorated chapel with a seating capacity of two hundred.

In a historic photo of this building from the early 20th century, it appears to be the Unterkircher chapel built in 1902, with an artistic front.

1920s – middle building (Des Moines County Historical Society)

In 1920, the property was sold to Schramm & Schmeig. On the 1931 Sanborn map, the two story building was listed as a "sample room" at 217 Valley. The 1930 city directory lists it as part of Schramm & Schmeig, located at 217-221 Valley.

An ad for Giles Funeral Service at 217 Valley on July 7, 1934 shows this building, with the original artistic front (*Daily Hawk-Eye Gazette*, page 9). Thus, the front was remodeled after this point. In 1940, Giles Funeral Service was here. It is unlikely that they remodeled the building as the original use/appearance would have been compatible with their use. The 1943 city directory lists Schramm & Schmeig factory at 217 and 219 as vacant, which may be a reversal.

The property was sold to R.E. Pettigrew in 1943 and then to Valley Street Realty a few years later. Valley Street Realty was organized by R.E. Pettigrew and Margaret Ann Pettigrew in 1947 (*Hawk-Eye Gazette*, November 26, 1947, 22). The Pettigrew family owned the property until 1976. R.E. Pettigrew was the owner-manager of Hotel Burlington, as well as Hotel Union and Hotel Hawk-eye, known as the

"Pettigrew Hotels" in 1947 (*Hawk-Eye Gazette*, March 8, 1947, 5). He sold the Hotel Burlington in 1955.

It was likely at the time of Pettigrew's purchase or the Electric Appliance Store's move into this building that the façade was remodeled to reflect a more commercial appearance. The panels are also typical of this period. The 1945 city directory lists the Electric Appliance Store at 217 Valley. Fred G. Strassheim was manager. They advertised Hot Point electric kitchens, radios, refrigerators, ranges, ironers, water heaters, washing machines, etc. An ad in 1946 also indicates that the Electric Appliance Store was at 217 Valley (*Hawk-Eye Gazette*, November 11, 1946, 11). They continue to be listed here in 1947.

In 1951, Highlander Camera Shop was here, according to city directories. On the 1952 Sanborn map, the two story building was listed as a "store" at 217 Valley. Highlander Camera Shop continues to be listed here through 1957. The building was vacant in 1958 and 1958. In 1960, Burlington Sporting Goods is listed here.
